SUMMARY

I'm a passionate and motivated Frontend Developer with a strong interest in creating responsive, user-friendly, and visually engaging web applications. I enjoy learning new technologies, exploring modern development practices, and continuously improving my technical and problem-solving skills. I'm open to guidance, constructive feedback, and opportunities to work on real-world projects that enhance my experience. I am committed to continuous learning and professional growth while contributing effectively to a collaborative development environment.

WORK EXPERIENCE

Solution Developer — Inspire Nepal (Intern) Sept 2025 – Dec 2025

Lalitpur, Nepal

- Developed and maintained responsive React components using Hooks and React Router.
- Integrated frontend applications with REST APIs for reliable data exchange.
- Worked with SQL databases and ERDs to support data management.
- Gained basic knowledge of .NET backend development.
- Used Git and GitHub for version control and team collaboration.
- Presented project updates and technical concepts to both technical and non-technical audiences.
